South-Carolina GAZETTE.

Containing the freshest Advices, Foreign and Domestick.

From MONDAY *December* 19th, to MONDAY *December* 26th, 1748.

South-Carolina.

By His Excellency

JAMES GLEN, Esquire,

Captain-General, Governor, and Commander in Chief, in and over His Majesty's said Province, and Vice-Admiral within the same.

A PROCLAMATION.

WHEREAS I have received Information, That on Wednesday last (being the 14th of this Instant *December*) betwixt the Hours of 9 and 10 in the Evening, several wicked and disorderly Persons, supposed (by their Dress) to be Sailors, did, in a violent Manner, assault and rob the Person of Mr. *Thomas Fleming*, on *Charles-Town* Bay: AND WHEREAS the said Offenders have hitherto concealed themselves: To the End therefore, that they may be discovered, prosecuted, and punished as their Crime deserves, I have thought fit, by and with the Advice and Consent of His Majesty's Honourable Council, to issue this my Proclamation, promising, That the Sum of *One Hundred Pounds* Currency shall be paid by the Treasurer, to any Person or Persons that shall discover one or more of those concerned in the said Crime, so as he or they may be legally convicted thereof: And I do also publish and declare, that in case any one concerned in the said Robbery do make a full Discovery of his Accomplices, so as any one or more of them may be apprehended and thereof convicted, such Person shall, besides the said Reward of *One Hundred Pounds* to be paid by the Treasurer, have and receive from me his Majesty's gracious Pardon for the same.

Given under my Hand and the Great Seal of His Majesty's said Province, in Charles-Town, *the* 20th *Day of* December, *in the* Twenty-second *Year of His Majesty's Reign, and in the Year of our Lord* 1748.

By His Excellency's Command,
Wm. Geo. Freeman, *Dep. Sec.*

JAMES GLEN.

GOD SAVE THE KING.

LONDON, *October* 7.

They write from Petersburgh, that a Report prevail'd there, as to the Grounds of which no Body could give any Account, that the Ottoman Emperor, restored by the late Revolt, died suddenly of an Apoplexy, which occasions many Reflections there, on account of the severe and sanguinary Disposition of Sultan Ibrahim, his Successor, who will certainly succeed him, and who is look'd upon as a Prince very fatal to the Christians.

Other Letters from Petersburgh of a later Date say, that they have received Advice there from M. Neuplen, their Imperial Minister at the Porte, that the Grand Signior had been obliged, on the 5th of September last, to declare in a full Divan his Brother's Son, Sultan Ibrahim, Heir apparent to the Ottoman Empire, in order to prevent a new Insurrection, to which the Populace were but too much inclin'd, but at the same Time order'd the Grand Visier to declare to all the Foreign Ministers, that in so doing this Step he meant to adhere inviolably to his Treaties with the Christian Powers.

We learn from Berlin, that a Woman of Ordinary Condition, who is 105 Years of Age, has lately cut a new Set of Teeth, that are very regular, white, and beautiful, and that many of the Virtuosi resort to visit her.

Newcastle, Oct. 8. Last Week a very odd Affair happened at Sunderland. A Man having agreed to marry a Widow, whose former Husband died insolvent, some such Fellows persuaded her, that, to avoid Prosecutions, it was absolutely necessary for her to go to her intended Husband's House naked, in sight of several Witnesses, in broad Day, from the open Streets; Accordingly Yesterday se'nnight between Eight and Nine in the Morning, the silly Girl herself stark naked, and in that Condition was walking over the High Street of Sunderland to the Bridegroom, when he was so kind as to meet her about half Way, with a Smock and Petticoat in his Hand, which he slipt over her Head before several Spectators.

LONDON, *October* 13.

There are Letters from abroad which mention, that the Secretary of the P——n Embassy, at a certain Court that shall be nameless, has made very *strong Representations*, in the Name of the King his Master, on the Subject of the *Russian Troops* that are to winter in *Bohemia*; with an Insinuation, that his said Royal Master could not look with Indifference upon so considerable a Body of Troops, *in his Neighbourhood*, especially at a Time when the *Marine* will be employ'd them out of their own Country, *as longer subsist*. How does this agree with an Assertion lately propagated, That all the *late Measures*, in regard to those Troops, have been taken *in Concert with his P——n M——y*, who undertook to *send* the rest of those Auxiliaries with Troops of *his own*, in case *France should fail* in the Stipulations of their sudden Return out of the Empire?

We receive very melancholy Accounts from all the Midland Counties, that the Mortality amongst the Cattle rages with more Violence than ever, especially at Leicester, where they have lost great Numbers of Beasts, and recover few or none.

A few Days since a Gentleman of Fortune was married to a Maiden Lady near the Royal-Exchange, whose Ages together make 145.

LONDON, *October* 16.

At one of the Conferences held the Beginning of this Month at *Aix-la-Chapelle*, in which the Imperial Minister differed from the rest of the Plenipotentiaries; one of them told the Ministry of Germany, *I believe your Excellency is very well pleased to find, by your Answers, that you are inclined to make the conference hold as long as you can.* That Minister replied, *almost the same Thing, my Lord, I had much rather see a long Congress than a few Pieces.* But since that Time, it's said, the Point in question has been regulated to his Excellency's Satisfaction.

It is said that a Scheme is formed, and will be offered in the next Session of Parliament, for taking off certain Duties that affect the Necessaries of Life, render Labour dear, and thereby raise the Price of our Commodities to the Prejudice of Trade, and to the manifest Advantage of our Neighbours, by imposing Taxes on foreign Instruments of Luxury in such a Manner as that they shall fall chiefly on the Wearers and Consumers of what Rank soever, which will be of public Benefit, and will bear hard only on such

private Perſons as are inclined to gratify their Vanity at any Expence.
